ABOUT: Gráinne is energetic, industrious, naturally adaptable and concerned about error. Confident and organised, she will always back herself up with facts and figures. She is a skillful communicator, persuasive and friendly, influencing through her knowledge. She enjoys specialist work which earns her respect. She justifies information and sets high standards. Willing to listen and open-minded, she puts people at ease. She can be assertive, yet relies heavily on goodwill and expertise, ensuring that rules are followed. She is active, alert, inquisitive and her pace is quick and flexible. Gráinne has drive, self-starting ability and is concerned with immediate productivity.

*In 2018/2019, I had the opportunity to co-produce the Foreign Unit of Treadstone, a series based on the Jason Bourne franchise. I travelled to and managed shoots in 11 countries: France, India, UK, Ghana, Colombia, Holland, South Korea, Hong Kong, Taiwan, Greece, Svalbard in the Arctic Circle (left). Travelling the world, building relationships across cultures and distance in pre-Covid times was an incredible experience. I have also developed unique knowledge and understanding of international tax rebates and incentives which were pivotal to the practicality and affordability of incorporating so many foreign locations.*
